DIFFERENTIATORS

- **8 Years of Insider Threat UAM Experience** — direct USSOCOM / JSOC counter-insider threat and UAM support; the foundational program of record cited as the #1 DoW Insider Threat Program by DCSA and DIA.
- **Proprietary Operational IP** — TMPC's 8-Step Insider Threat Decision Process, Watch the Watcher oversight framework, PowerPoint Quad reporting, and Structured Professional Judgment (SPJ) methodology are operationally proven and not replicable by competitors.
- **Vendor Data Threat Mitigation (VDTM) Leadership** — purpose-built methodology for identifying, assessing, and mitigating vendor and supply-chain data exposure risk, aligned to NIST SP 800-161r2 and integrated with insider threat and UAM operations.
- **Cleared Workforce Pipeline** — Top Secret Facility Clearance (FCL); recruiting and onboarding of TS/SCI, CI Poly, and Full-Scope Poly cleared personnel for SOF, IC, and DoW programs.
- **Full Compliance Stack** — CMMC Level 2 (SPRS 110/110), DCAA-audited and -approved accounting, ISO-aligned quality and security processes, and a cloud-first, zero-local-storage technical environment.
- **Set-Aside Stack with Scale** — SBA 8(a), SDVOSB, and SDB designations enable sole-source and set-aside capture; partnered Mentor-Protégé Joint Ventures (PatriotWerx LLC, RMC mentor) extend reach to large-business-equivalent past performance.
