TMPC
STRATEGY & SECURITY

SERVICE FACTSHEET

Counter-Insider Threat & User Activity Monitoring

One team for the whole insider threat mission. TMPC designs, builds, and runs the program: user activity monitoring, hub operations, and vendor threat mitigation delivered as one managed service for Department of War (DoD) components, the Intelligence Community, civilian agencies, and cleared contractors.

User Activity Monitoring (UAM)

- Monitoring across endpoint, mobile, and cloud
- Trained analysts triage alerts and build cases
- UEBA and behavioral analytics engineering
- PowerPoint Quad® reporting for leadership

Insider Threat Hub Operations

- Hub & Spoke model for multi-site programs
- 8-Step Insider Threat Decision Process®
- Pathway-to-Violence and Structured Professional Judgment threat assessment
- Referral and case management with security, HR, legal, and CI

Vendor Threat Mitigation

- Vendor and supply chain risk assessment aligned to NIST SP 800-161r2
- Third-party data exposure assessment and monitoring
- Integrated with insider threat and UAM operations

Program Design, Build & Operate

- C-InT program design and stand-up
- Policy, plans, procedures, and workforce training
- Watch the Watcher® oversight for privileged users and the program
- Support for 32 CFR Part 117 (NISPOM) and CMMC insider threat requirements

How an engagement runs

1. Assess
Review the current program, authorities, data sources, and gaps.

2. Build
Stand up policy, tooling, the hub, and reporting; train the workforce.

3. Operate
Cleared analysts run daily monitoring, triage, and referral.

4. Oversee
Watch the Watcher® checks, metrics, and continuous improvement.

Proven on a DoW mission

- 8 years of continuous C-InT/UAM program support
- Exceptional CPARS ratings
- No break in coverage during the October 2025 government shutdown

How TMPC helps

Our team brings more than 30 years of combined insider threat experience and the proprietary processes built from it. For 8 years, TMPC has delivered continuous counter-insider threat and user activity monitoring support to a DoW (DoD) customer, work that drove that program to a #1 ranking among 24 DoW components by DCSA and DIA.
